

THE WALL STREET SUBWAY STATION

A One Act Play By Zander Pacella

CHARACTERS

(in order of appearance)

Wolfgang.....LEAD

Voiceover.....LEAD

Donatella.....SUPPORTING

SETTING

It is New York City, anytime. The action of the play takes place underground, in the Wall Street Subway Station. It is a linear sight, with a thin, raised platform stretching the horizon of the stage. Surrounding the platform both downstage and upstage are the empty caverns where the trains make their arrival and departure. A subway arrival display clock is visible, as well as a bench center.
